#### **EDUCATION**

2018 - 2023	Ph.D. in Finance Co-advised by Profs. Yufeng Han & Weidong Tian	University of North Carolina at Charlotte
2016 - 2017	M.Sc. in Quantitative Finance & Risk Analytics Advised by Prof. Aparna Gupta	Rensselaer Polytechnic Institute
2012 - 2016	B.A. in Finance and Economics  Dual degree in English Language & Literature	Beijing Foreign Studies University

#### PROFESSIONAL POSITIONS

2021 - 2023	Lecturer of Finance, Department of Finance, UNC Charlotte	
2018 - 2023	Research/Teaching Assistant, Department of Finance, UNC Charlotte	
2019	Summer Research Assistant, Department of Management, UNC Charlotte	
2017	Teaching Assistant, Department of Mathematical Sciences, Rensselaer Polytechnic Institute	
2017	Summer Research Assistant, Lally School of Management, Rensselaer Polytechnic Institute	
2017	Research Fellow, Global Association of Risk Professionals (June 2017 - December 2017)	

#### **RESEARCH INTERESTS**

• Empirical (and Theoretical) Asset Pricing, Return Predictability, Derivatives and Options

## **PUBLICATIONS**

- 1. Addressing Systemic Risk Using Contingent Convertible Debt A Network Analysis, *European Journal of Operational Research*, 2021, Vol 290, Issue 1, pp. 263-277 (with Aparna Gupta and Runzu Wang).
  - Best Paper Award, FMA Annual Meeting, 2018
  - Best Student Paper Award Finalist, INFORMS Annual Meeting, 2018
  - Masters Research Fellowship, Global Association of Risk Professionals (GARP), 2017

## **WORKING PAPERS**

- 1. The Conditional Expected Return and Autocorrelation from the Derivatives (with Weidong Tian)
  - Presented at AFA 2022 (Ph.D. Poster), 2021 CICF (China International Conference in Finance), 7th International Young Finance Scholars' Conference, 2021 World Finance Conference, UNC Charlotte Finance Seminar, Shanghai University of Finance and Economics
  - This paper presents a *Q*-approach to study the conditional expected return and the index autocorrelation using the derivative market information only. The method is free of distributional assumptions, robust to different choices of pricing kernel process, and provides a real-time conditional point of view on the stock market. We then demonstrate the economic value of the *Q*-approach by implementing market timing strategies. Lastly, we document the term structure of the conditional future one-period return with current derivatives data.

- 2. Mispricing and Anomalies: An Exogenous Shock to Short Selling from JGTRRA (with Yufeng Han, Weike Xu & Guofu Zhou)
  - Presented at SFS Cavalcade North America 2021, AFA 2021 (Ph.D. Poster), MFA 2021, FMA 202, CIRF 2021, SFA 2020, WashU Olin Finance Brownbag, and UNC Charlotte Finance Seminar
  - Whether or not anomalies are due to mispricing or risk is an important question. We examine the causal effect of a novel shock to short selling, the Job and Growth Tax Relief Reconciliation Act (JGTRRA) of 2003, on an extensive set of 182 anomalies. We find that anomalies become stronger after the dividend record months in the post-JGTRRA periods, driven by stronger mispricing in the dividend record months, mainly from the overpriced stocks. Overall, our results support the idea that anomalies are mostly due to mispricing, and the persistence of mispricing is likely caused by arbitrage barriers such as JGTRRA.
- 3. An On-line Machine Learning Return Prediction (with Weidong Tian)
  - Presented at INFORMS 2020, International Risk Management Conference 2020
  - This paper presents a new prediction methodology on relative stock index return the ratio of a stock index return to an interest rate. The prediction methodology relies on the on-line universal portfolio construction. We derive a closed-form predicting formula whose coefficients are solely determined by historical data and demonstrate that the average daily predictive error in 2010-2018 can be as small as 2 percent. This approach provides a promising application of on-line machine learning to return prediction.

## **CONFERENCE AND SEMINARS (\*presented by coauthors)**

2022 American Finance Association (AFA) annual meeting (Ph.D. Poster), Virtual

2021 SFS Cavalcade North America\*, Virtual

China International Conference in Finance (CICF), Virtual

Financial Management Association (FMA) annual meeting, Denver CO

World Finance Conference, Virtual

China International Risk Forum. Virtual

International Young Finance Scholars' Conference, Virtual

Midwest Finance Association (MFA) annual meeting\*, Virtual

American Finance Association (AFA) annual meeting (Ph.D. Poster), Virtual

UNC Charlotte Finance Seminar (x2 papers)

2020 Southern Finance Association annual meeting, Virtual

Washington University in St. Louis Olin Finance Brownbag

INFORMS annual meeting, Virtual

International Risk Management Conference, Virtual

European Financial Management Association annual meeting (Cancelled due to COVID-19)

Financial Management Association European annual meeting (Postponed due to COVID-19)

- **2019** UNC Charlotte Joint Doctoral Workshop
- 2018 INFORMS annual meeting, Phoenix AZ

Financial Management Association (FMA) annual meeting\*, San Diego CA European Financial Management Association annual meeting\*, Milan Italy International Risk Management Conference annual meeting\*, Paris France

## PROFESSIONAL SERVICE

#### **Journal Referee**

International Review of Economics and Finance

#### **Conference Discussant**

- 2021: Financial Management Association Meeting (x2 papers)
- 2020: Financial Management Association Meeting, Southern Finance Association Meeting

#### **Conference Session Chair**

- 2021: Financial Management Association Meeting
- 2020: Financial Management Association Meeting, Southern Finance Association Meeting

#### **Conference Paper Reviewer**

2021: Southern Finance Association Meeting, Eastern Finance Association Meeting

## FELLOWSHIPS, GRANTS, AND AWARDS

Ph.D. Graduate Assistantship, University of North Carolina at Charlotte	2018 - 2023
Belk College Summer Research Grant, University of North Carolina at Charlotte	2021
Seth Bonder Foundation Student Registration Grant, INFORMS Annual Meeting	2020
Ph.D. Travel Grant, American Finance Association (AFA) Annual Meeting	2020
Summer Research Assistantship, University of North Carolina - Charlotte	2019
Best Paper Award, Financial Management Association (FMA) Annual Meeting	2018
Best Student Paper Award Finalist, INFORMS Annual Meeting (Finance Section)	2018
Highlighted on RPI Admissions Website as Outstanding Graduate Scholar (Links)	2018
Masters Research Fellowship Award, Global Association of Risk Professionals (GARP)	2017
Graduate Teaching Assistantship, Rensselaer Polytechnic Institute	2017
Summer Research Assistantship, Rensselaer New Knowledge and Innovation Program	
Masters' Scholars Research Program Award, Lally School Rensselaer Polytechnic Institute	2017

## **TEACHING**

## **University of North Carolina at Charlotte**

## **Lecturer of Finance**

- 1. FINN 3226 Financial Theory & Practice
  - Modern financial theory and its applications, including risk theory, market equilibrium asset pricing models, efficient market theory, informational asymmetry, and derivatives and risk management
- 2. FINN 3120 Financial Management
  - Key topics include: The Time Value of Money, Interest Rates and Bond Valuation, Equity Markets and Stock Valuation, Risk and Return, and Cost of Capital

# **Guest Lecturer**

- 1. FINN 6216 Quantitative Risk Management (with Prof. Weidong Tian)
  - Topic 1: Volatility Trading: Implied volatility, VIX options, VIX futures, and Volatility derivatives pricing
  - Topic 2: Historical Simulation in the risk management (Value-at-Risk), Back testing, Stress testing
  - Topic 3: Credit Risk: Structural (Merton) model, Reduced-Form model, and Altman's Z-Score method

- Recitation class: 2-hour class, and four times per semester
- 2. FINN 3226 Financial Theory & Practice (with Prof. Lloyd Blenman)
  - Topic 1: Binomial Lattices and American Option Pricing

## **Teaching Assistant**

- 1. BPHD 8220 Financial Economic Theory II (Second-year Ph.D. course)
- 2. BPHD 8200 Financial Economic Theory I (First-year Ph.D. course)
- 3. FINN 6216 Quantitative Risk Management (M.S. in Math Finance)
- 4. FINN 3226 Financial Theory & Practice
- 5. FINN 3233 International Financial Management

#### **Rensselaer Polytechnic Institute**

## **Teaching Assistant with Recitations**

1. Math 1010 Calculus I (with 4-hour recitation class to 120 students per week)

## **SKILLS AND CERTIFICATIONS**

Certifications FRM Passed Part I and Part II, CFA Level III Candidate, Bloomberg Market Concept Certified.

Technical Skills Numerical/Simulation Analysis, Computational Optimization, Stochastic Calculus,

Network Science, Bayesian/Time Series Analysis, Machine Learning.

Programming R, MATLAB, Python, Jupyter Notebook, Stata, Neo4j, Gephi, AMPL, and 上X.

Languages Native in Chinese, fluent in English, and active learner in Spanish.

#### PROFESSIONAL MEMBERSHIP

American Finance Association (AFA)
Society for Financial Studies (SFS)
Financial Management Association (FMA)
Global Association of Risk Professionals (GARP)
Institute for Operations Research and the Management Sciences (INFORMS)

## **REFERENCE**

Dr. Yufeng Han (Chair)
Professor of Finance
Belk College of Business
Friday Building Room 340A
University of North Carolina at Charlotte
9209 Mary Alexander Rd, Charlotte, NC 28262
yhan15@uncc.edu
(704)-687-8773

Dr. Weidong Tian (Co-Chair)
Professor of Finance and Distinguished Professor of Risk Management and Insurance
Belk College of Business
Friday Building Room 202A
University of North Carolina at Charlotte
9209 Mary Alexander Rd, Charlotte, NC 28262
wtian1@uncc.edu
(704)-687-7702
